House of Representatives

RECOGNIZING WASHINGTON MATHEMATICS SCIENCE TECHNOLOGY PUBLIC CHARTER HIGH SCHOOL'S COMMITMENT TO STEM EDUCATION

HON. EDDIE BERNICE JOHNSON

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 21, 2016

Ms. JOHNSON of Texas. Mr. Speaker, today I rise to congratulate the students, parents, and faculty of Washington Mathematics Science Technology Public Charter High School for their commitment to science, technology, engineering, and mathematics enrichment, and for participating in my annual Science and Technology Braintrust.

The teachers at Washington Mathematics Science Technology Public Charter High School are committed to ensuring that our country's youth is exposed to a STEM curriculum, which is paramount to the future of our country. A prevalent theme amongst successful STEM professionals is the curiosity and drive instilled by their teachers at a young age. We must continue to invest in schools that highlight a STEM education, so that all students will have an opportunity to one day be an astrophysicist, doctor, engineer, or a geologist.

Mr. Speaker, Washington Mathematics Science Technology Public Charter High School is a true advocate of STEM education and deserves recognition for its work. With great pride I can say that because of this school's commitment to STEM education, our country's youth is gaining the skills needed to compete in a rapidly globalizing world.
